CEO Ronni Druitt said “GRPSA is thankful that early childhood has been made a priority of the State Government in rural and regional areas. Because of their investment, we will be able to work towards our goal of ensuring we have sufficient kindergarten places. Kinder on School Sites also enable an easier transition to school for our little learners. We will be able to better collaborate with schools and communities.

GRPSA would like to thank the Department of Education, The Victorian School Building Authority, our educators, our local MP's and the Early Childhood Improvement Branch for their continued support.
