

Code Red Day Information

*Play, laugh...
...learn, grow!*

GRPSA acknowledges the importance of our staff, your children, and the community. Due to this, **all GRPSA centres** will close on Code Red Days

Where possible, we will notify parents via text message as soon as we are notified by the Department of a Code Red Day prior to closing our services and we will confirm the decision to close by 12 noon the day before the planned closure. Once confirmed, the decision to close will not change, regardless of improvements in the weather forecast.

As part of preparing our centres for fire emergencies, we have emergency management plans in place for each service and staff run regular fire and safety drills.
